

Dear Exhibitor,

Welcome to the 2024 International Pipeline Conference & Exhibition! In the spirit of reconciliation, we acknowledge that we live, work, and play on the traditional territories of the Blackfoot Confederacy (Siksika, Kainai, Piikani), the Tsuut'ina, the Iyârhe Nakoda Nations, the Métis Nation (Region 3), and all people who make their homes in the Treaty 7 region of Southern Alberta

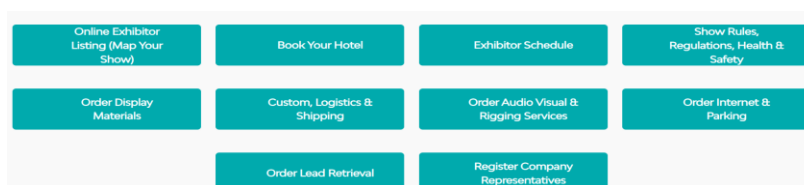

On behalf of dmG events, our team is proud that energy professionals such as yourself have gathered to exhibit here at The International Pipeline Conference & Exhibition.

As a biennial event, the International Pipeline Conference & Exhibition fulfills a vital function by providing a forum for industry, government, regulators, and the public to learn about leading technology in pipeline engineering, as well as discuss current and emerging issues facing the international pipeline industry. The conference features keynote speakers, 300+ technical papers over eight tracks, tutorials, panel discussions, student papers and awards.

Our shows would not be successful without exhibitors such as yourself. Thank you for your continued support!

The online Exhibitor Zone has been created to help organize and assist all your needs for the 2024 show with various tools and information that is being updated constantly.

Please ensure the person responsible for the coordination of your stand is given access to the Exhibitor Zone and are fully informed and paying particular attention to the deadlines for each category listed below:

The online exhibitor zone and tools are not designed to replace our personal service. If you require help or assistance at any time, please feel free to contact a member of our operations team:

Hayley Dagleish
+1 (403) 836 6917
hayleydagleish@dmgevents.com

Again, thank you for participating in the 2024 International Pipeline Exhibition and Conference. We wish you an enjoyable and successful event!
